

28.08.20

Dear Parent,

It has truly been a joy for us to welcome back your children in small groups this week. All of our new Nursery and P1 children have played and chatted happily and our P7s are in full classes already. The week has been invaluable in settling the children back into the formal structure of school, and teaching them the new protocols & routines in place. All have smiled through the rain as they arrived in their new uniforms, bags and of course, trays! Thank you.

The staff have been so appreciative of your understanding and cooperation as you have helped us in providing a safe and calm entrance & exit of the school grounds each day. Your kind words at the school gates and via Seesaw have been so welcome.

Now that we have trialled our pathways, more permanent signage and arrows will be organised and installed. Please note that the Killeen path is now 'Children Only' as it is so narrow.

The well-being of our pupils remains our priority, and I have attached a helpful Quick Guide Sheet for your information should anyone in our school or your home become unwell (or contacted by the tracing service). It is inevitable that our community will continue to be affected by the virus and so, now that the children are back at school, we want everyone to have clarity on the necessary action to take should the need arise.

We will continue to rely on each other to act calmly and quickly to keep everyone as safe as possible.

We hope you have an enjoyable weekend knowing that 'Week 1' has been so successful.

Yours sincerely,

Julie M Hardy

Principal
